CURRENT CHALLENGES OF THE PHASE 3 / 4 TRANSITION

Current governance model presents challenges across different areas

Employee Equity

Two employers

Differences between payroll systems

IT Access Issues
Multiple systems
Different formats between cities

Labor agreements

4 contracts
6 labor/mgmt groups
Challenges in moving staff other than line

HR Policy

Pay Disparity

Benefits
Insurance
Employee Resources

Contract and purchasing processes

Fire Marshal's Office permit fee disparities

Standardization of Service

SUCCESSSES

Successes across all divisions: Operations, Strategic Services, Fire Prevention, and Administration

Standardization

- Consistency and equity of operations service
- Consistent code application
- Standardization of training, EMS services, equipment
- Developed common tiered ambulance transport system that is more efficient

Efficiencies

- Reduced on scene time at structure fires
- Single training, recruitment, and hiring process
- Single supply, order, and distribution system
- Improved administrative support

Shared Strengths

- Improved interoperability and increased depth of resources
- Modified CAD response files to reflect closest unit response regardless of jurisdiction
- Increased surge capacity
- Developed a system for sharing reserve apparatus

GOING FORWARD

Considerations for the direction of Eugene Springfield Fire

- Continue as functionally consolidated
- Move to single budget, single employer, single governance model

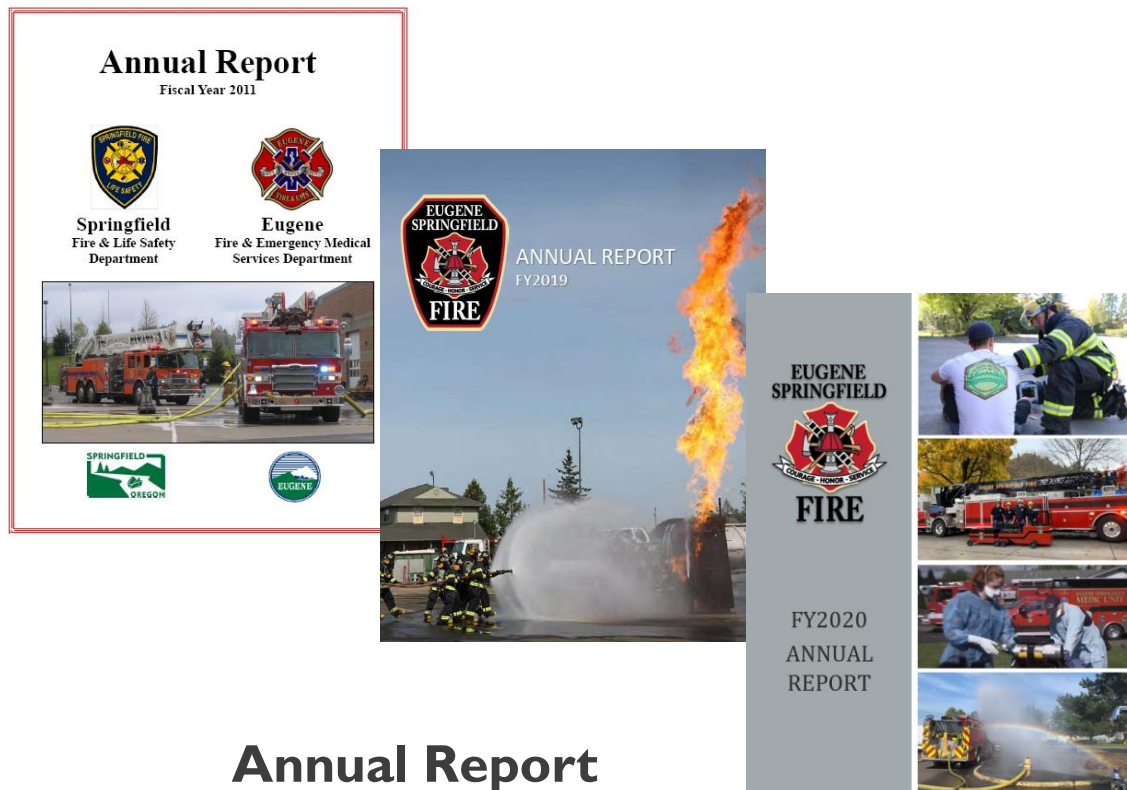

Our focus is on providing standardized delivery of safe and effective service at an efficient cost.

Next steps

- IGA to be regularly reviewed and updated (last update 2017)
- Recommendation: create joint jurisdictional advisory committee
