

1

Slide 2 features the title "Eugene Airport and Lane Community College Lane Aviation Academy" in a large green font. Below the title is a black and white historical photograph of a group of people standing in front of a biplane and a wooden building. The building has signs that read "EUGENE VECOMITY SCHOOL" and "CAL. 15-16-17-18-19-20". To the right of the photo is a green bullet point with the text: "In 1939, the Aviation Maintenance Technician (AMT) program was established as part of the Eugene Vocational School." The slide has a white background with green geometric shapes on the left and right sides.

16

Eugene Airport and Lane Community College Lane Aviation Academy

"I cannot stress enough how important the second runway is to the Eugene Airport and airspace operating environment. It is a critical asset and tool for Air Traffic Control in maintaining safe, orderly and efficient operations. I strongly believe that evidence of a second runway's importance will only grow as traffic levels increase at the Eugene Airport."

-Louis Lippitt, Manager of
EUG ATCT/TRACON

17

Eugene Airport and Lane Community College Lane Aviation Academy

- ▶ Having a quality aviation academy on the field is a point of pride for all airports and the communities in which they are located.
- ▶ Having both a flight school and an aviation maintenance technician program serves our community well.
