Baxter situation; noted regulations are insufficient without investigation and enforcement.
- Councilor Zelenka – stated the J.H. Baxter situation has multiple responsible parties; believes monitoring bad actors is difficult; stated concern over weakening regulations that may cause more harm in the future; noted environmental protection is not a top concern of the public, which may lead to repeating harmful patterns; stated option one presented is a modest safeguard; noted option two is complementary to option one; is supportive of new high-wage manufacturing jobs but not at the cost of public health.
- Councilor Evans – noted addressing these issues is a challenging process; stated many residential areas in his ward were previously industrial; would be in support of code amendments after the hazards risk analysis is complete.
- Councilor Leech – stated appreciation for the careful and thorough approach to this work; asked staff if there are steps that can be taken while the analysis study is in process; noted community concerns over fueling and transfer stations being permitted; suggested a temporary buffer zone for such projects; asked staff if there is a way to create a more refined category list for hazards; stated support for moving forward with understanding and strengthening the City's ability to control what is built within city limits; noted concern for the broad use categories in zone verification.
- Councilor Groves – asked staff to provide an estimated timeline for the hazard analysis study; stated private industry has no regulatory authority; stated regulation is the responsibility of the government.
- Councilor Zelenka – stated that the business community needs to play a bigger role in the process and cannot rely solely on the government to regulate and oversee.
- Councilor Clark – noted J.H. Baxter was not a member of the Chamber of Commerce.

MOTION: Councilor Evans, seconded by Councilor Leech, moved to direct the City Manager to draft land use code amendments to require that an applicant demonstrate prior to the issuance of the City development permits that either 1) the applicant has been issued all necessary licenses and permits for pollution control agencies like Lane Regional Air Protection Agency (LRAPA) and Department of Environmental Quality (DEQ), or 2) the applicant has applied for necessary license and permits and permits and licenses are likely to be issued.

EUGENE CITY COUNCIL AGENDA ITEM SUMMARY

Approval of a Resolution Requesting that Jurisdiction Over Portions of Crow Road, Greenhill Road, and La Porte Drive be Transferred to the City Of Eugene

Meeting Date: July 14, 2025

Department: Public Works

www.eugene-or.gov

Agenda Item Number: 4A

Staff Contact: Doug Singer

Contact Telephone Number: 541-682-8460

ISSUE STATEMENT

This item is a recommendation to the City Council to request the Jurisdictional Transfer of previously annexed Lane County Roads from the County to the City of Eugene.

BACKGROUND

To encourage compact urban growth and sequential development within Eugene's UGB, the Metro Plan provides that, ultimately, all land within the UGB (including streets) will be annexed into the City and provided with a minimum level of urban services. Eugene's Public Works Department is requesting the jurisdictional transfer of the recently annexed portions of right-of-way for Crow Road, Green Hill Road; and La Porte Drive in order to provide urban services and encourage development by bringing the facilities within these road segments under the City of Eugene's ownership. The facilities within these road segments are currently owned by Lane County. West 11th Avenue from Terry Street to the UGB west of Greenhill Road was previously annexed but will remain an ODOT owned facility.

Jurisdictional transfer supports City Project No. 900480 (West 11th and Crow Road Utility Extension). The Project includes extension of the public wastewater system to portions of Beltline OR 069 (West 11th Avenue) and County Rd. 36/465 (Greenhill Road), the entire area of County Rd. 988 (Crow Road), and La Porte Drive (No County Road No.); and transportation safety improvements along County Rd. 988 (Crow Road) to Beltline OR 069 (West 11th Avenue).

Annexation (sometimes also called "incorporation") is the legal process by which land becomes part of a city. Annexed land may include publicly or privately owned property and it often includes streets. A street's location within the Eugene city limits does not mean that the street is, necessarily, a city street. For example, there are both county roads and state highways located within the Eugene city limits. After annexation brings a county road into the city limits, formal jurisdictional transfer is needed to transfer to the City the responsibility for the road's improvement and repair. Such jurisdictional transfer may be proposed by the County or requested by the City. When the City requests the jurisdictional transfer of a county road, the transfer actually occurs only after the County holds a public hearing and adopts an order to surrender the road to the City, giving the City the authority over the road's infrastructure. The jurisdictional transfer of a street from the County to the City does not change the annexation status of adjacent properties.

The proposed resolution, at Attachment A to this AIS, would constitute the City Council's request that Lane County transfer to the City its jurisdiction over the following road segments, which have been previously annexed (Council Resolution No. 5444) by the City of Eugene but remain under Lane County's jurisdiction:

- County Rd. 988 (Crow Road): Beltline OR 069 (West 11th Avenue) to Crow Road Connector.
- County Rd. 36/465 (Greenhill Road): Beltline OR 069 (West 11th Avenue) to the Eugene city limit.
- La Porte Drive (No County Road No.): Crow Road to the End.

RELATED CITY POLICIES

This topic is related to the [Strategic Plan](#) Focus Areas of Urgent Community Needs and the Strategic Goal to stabilize the cost of housing as this request supports more consistent delivery of services and infrastructure planning for housing and development.

This topic supports the Cost Effectiveness and Financial Policies in the [2035 Transportation System Plan](#), specifically, the policy "In collaboration with ODOT and Lane County, develop criteria that trigger logical phased jurisdictional transfer of streets and highways."

One of the Housing Implementation Pipeline High Priority Policies and Programs is to prioritize infrastructure planning and prioritization to areas within the Urban Growth Boundary (UGB). In order to effectively plan, construct and manage this infrastructure, the right of way is annexed and jurisdiction is transferred to the City.

PREVIOUS COUNCIL DIRECTION

None.

COUNCIL OPTIONS

1. Adopt the resolution at Attachment A to this AIS, to request that Lane County transfer to the City jurisdiction over portions of Crow Road, Greenhill Road, and La Porte Drive.
2. Adopt the Resolution at Attachment A to this AIS with modifications as determined by the City Council.
3. Direct the City Manager to schedule another work session on the proposed resolution.
4. Take no action.

CITY MANAGER'S RECOMMENDATION

The City Manager recommends adoption of the resolution at Attachment A to this AIS.

SUGGESTED MOTION

Move to adopt the Resolution at Attachment A to this AIS entitled “a resolution requesting that jurisdiction over portions of Crow Road, Greenhill Road, and La Porte Drive be transferred to the City of Eugene.”
