ISSUE STATEMENT

The purpose of this item is to allow time for Council to continue its April 5, 2023, discussion regarding presentation of the certified referendum petition 2023-1, referring Ordinance No. 20681 to the ballot.

BACKGROUND

On February 6, 2023, the City Council adopted Ordinance No. 20681, “An Ordinance Prohibiting Fossil Fuel Infrastructure In New Low-Rise Residential Buildings; And Adding Sections 6.695 And 6.696 To The Eugene Code, 1971.” (Ordinance No. 20681 is included as Attachment A.) On March 16, 2023, the City Recorder certified the completed referendum petition, referring Ordinance No. 20681 to the voters.

Pursuant to EC 2.980, on April 5, 2023, the City Manager presented the referendum petition to Council for consideration. At that meeting, Council had an opportunity to discuss the following options set forth in EC 2.980:

- Repeal the ordinance referred by referendum petition;
- Vote to urge adoption or defeat of the referred measure; or
- Order submission of an alternative measure or measures to be voted upon at the same election as the referred measure.

Council did not take any action at the April 5, 2023, special meeting. Both during and after that meeting, a number of Councilors inquired into the deadlines for each of the above actions. Based on a November 7, 2023, election date, Council’s deadlines are as follows:

- Repeal the ordinance referred by referendum petition;
 - September 7, 2023
- Vote to urge adoption or defeat of the referred measure; or
 - No deadline.
- Order submission of an alternative measure or measures to be voted upon at the same election as the referred measure.
 - August 9, 2023

Next Steps
