FOSSIL FREE EUGENE

Take Action for Climate Justice in Eugene

I support the City of Eugene transitioning our city off of polluting fossil fuels and reducing emissions in line with the goals of Eugene's Climate Recovery Ordinance. Specifically, I urge the City of Eugene to pass policies to transition our buildings off of methane gas and onto clean electricity as equitably and rapidly as possible.

Take Action for Climate Justice in Eugene

I support the City of Eugene transitioning our city off of polluting fossil fuels and reducing emissions in line with the goals of Eugene's Climate Recovery Ordinance. Specifically, I urge the City of Eugene to pass policies to transition our buildings off of methane gas and onto clean electricity as equitably and rapidly as possible.

Take Action for Climate Justice in Eugene

I support the City of Eugene transitioning our city off of polluting fossil fuels and reducing emissions in line with the goals of Eugene's Climate Recovery Ordinance. Specifically, I urge the City of Eugene to pass policies to transition our buildings off of methane gas and onto clean electricity as equitably and rapidly as possible.

Take Action for Climate Justice in Eugene

I support the City of Eugene transitioning our city off of polluting fossil fuels and reducing emissions in line with the goals of Eugene's Climate Recovery Ordinance. Specifically, I urge the City of Eugene to pass policies to transition our buildings off of methane gas and onto clean electricity as equitably and rapidly as possible.
