

The background of the slide is a collage of river scenes. A large, dark, flowing river with white rapids occupies the left side. To the right, several smaller hexagonal frames show different river scenes: some with rapids, some with rocks, and one with green grass growing in a rocky stream bed. The overall theme is water and nature.

Rivers to Ridges

FIFTEEN YEARS OF ACCOMPLISHMENTS

2003-2018

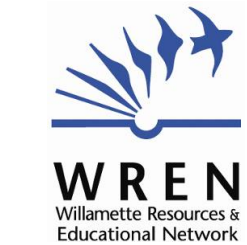

2003 Vision Map (Habitat, Trails, Gateways, Community Buffers)

Formalized Under 2010 Statement of Partnership (SOP)

Original Partners:

Partners Added After 2010:

Accomplishments Since 2003

- Acres of land protected: **6,241**
- Acres of habitat restored: **6,736**
- Total number of plants planted: **2,021,243**
- Stream miles opened for fish passage: **59**
- Miles of trail or path built or reconstructed: **29**

Implementing the Vision In Eugene

Delta Ponds

- Leveraging funding
- Recreational access for all
- Harnessing the power of volunteers!

Wild Iris Ridge

- Partnering for habitat restoration and wildfire risk reduction
- Ridgeline trail access in Southwest Eugene

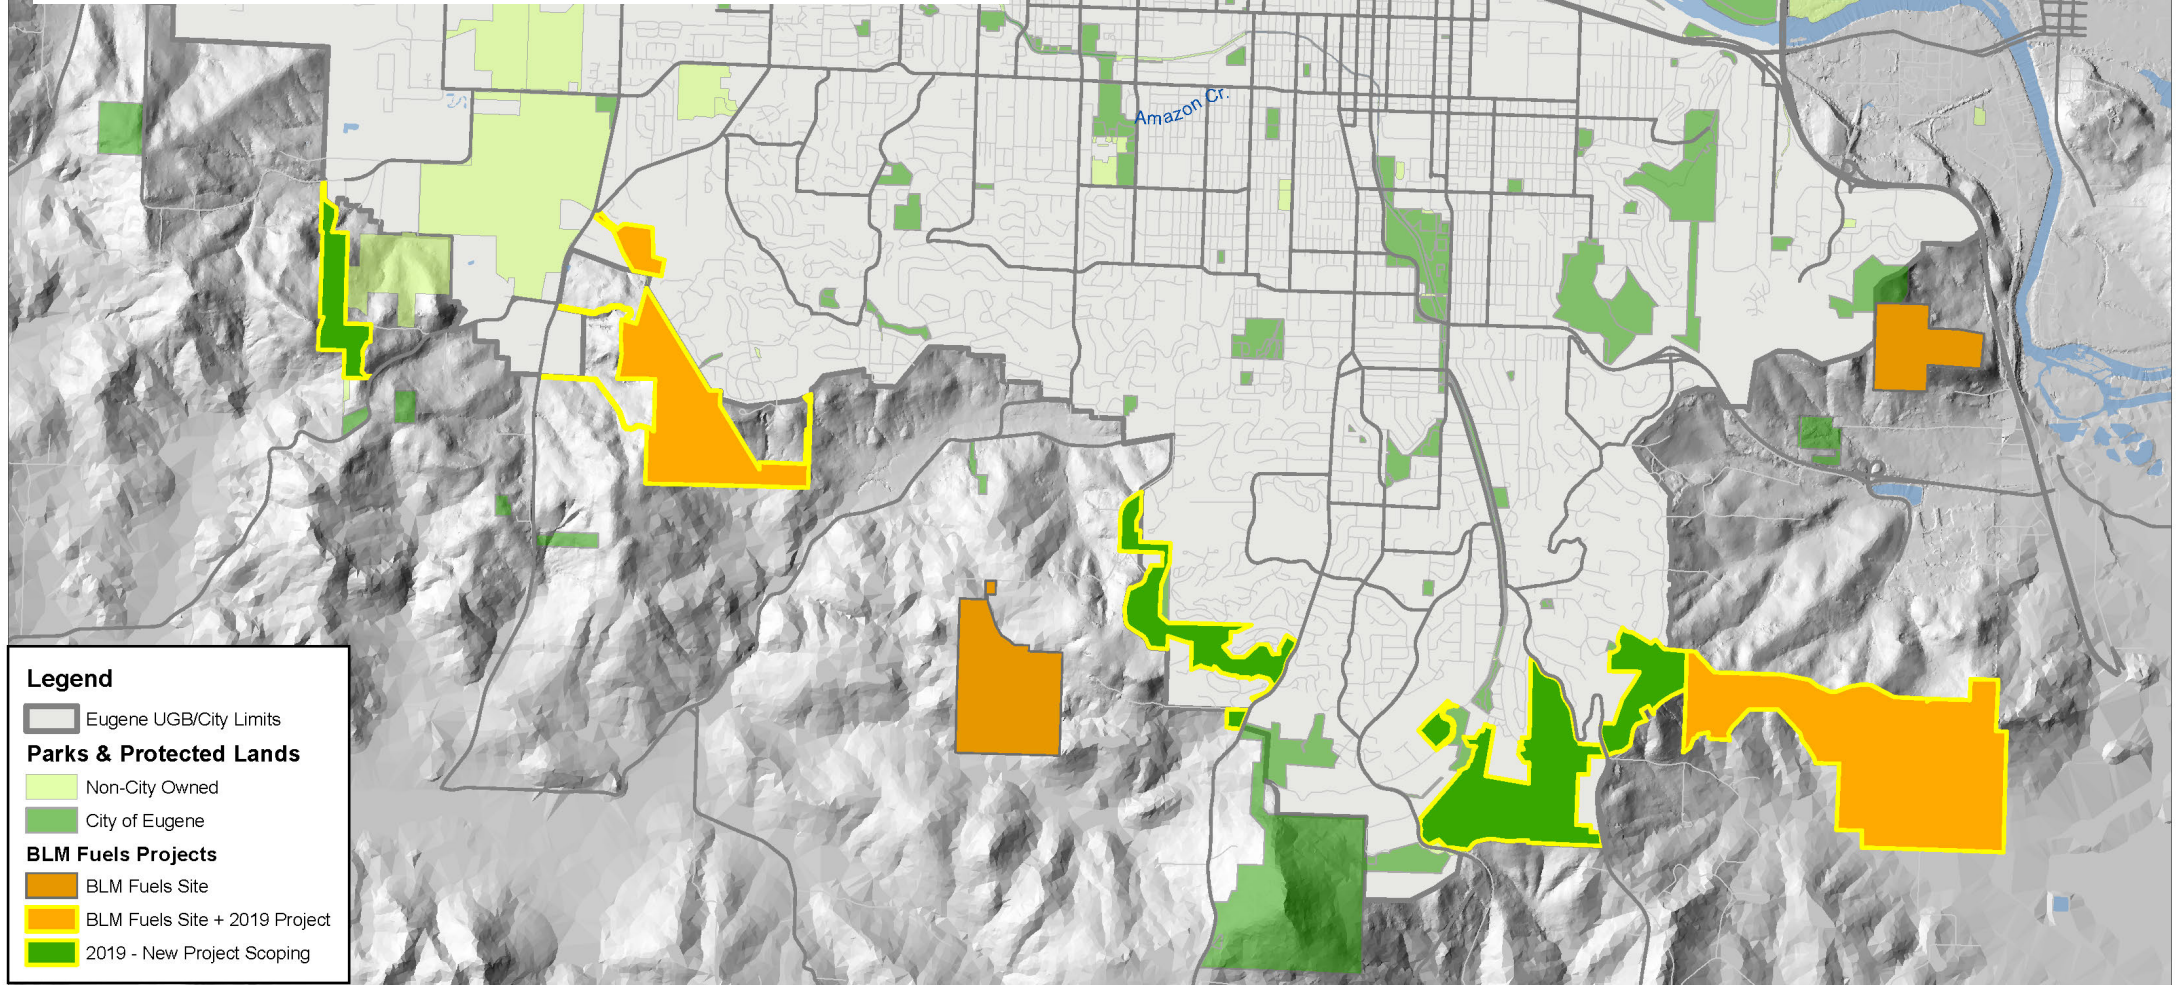

Golden Gardens

- Public safety/access/habitat restoration
- Grant through partners to enhance habitat for western pond turtles
- Future development

Catastrophic Wildfire Risk Reduction in Wildland-Urban Interface (WUI)

BLM Fuels Reduction Projects 2015-2019

Suzanne Arlie Park

- Applied funding from BLM for wildfire risk reduction, habitat, access
- Master Planning (add'l public meetings this fall and winter)
- R2R Field Operations Group (FOG)

Ecological Burning

- Conducted for over 30 years, fire adapted ecosystems
- Partnership planned for up to 900 acres—none burned
- Under LRAPA (annual) and Eugene Burn Ban Exemption (every 5 years)
- Coordination and participation of E-S Fire Dept. and other regional fire personnel
- **Short URL to info page:** eugene-or.gov/prescribedfire
